

## StroBell

Combined Fire Bell & Strobe

A combined bell and strobe with high sound and light output to assist in the design of fire systems.

Using the market leading aluminium gong for excellent sound output and a clear lens to maximise light output, the Vimpex StroBell is ideal for installations that call for a traditional bell tone but require visual alarm indication as well.

### Features

- \* Utilises market-leading bell design
- \* Ultra bright strobe in clear lens for maximum light output
- \* Familiar installation method
- \* Selectable flash rate - 30/60 per minute
- \* Low current consumption
- \* Single point of installation minimises wiring and associated costs

<b>Model No.</b>	SMBF-6EV	<b>Light Output (at front)</b>	> 15 Candela
<b>Rated Voltage</b>	24Vdc +/- 20%	<b>Flash rate</b>	0.5 or 1.0 Hz selectable
<b>Starting Voltage</b>	16Vdc	<b>Gong Colour</b>	Red
<b>Sound Output @1m (Max)</b>	95dB(A)	<b>Gong Construction</b>	Aluminium
<b>Rated Current @ 24Vdc</b>	Bell only, 11mA	<b>IP Rating (minimum)</b>	IP21 - For internal use only
	30 flashes/min (0.5Hz), 30mA—60 flashes/min (1.0Hz), 50mA		
<b>Temperature Range</b>	-20 to + 55(°C)	<b>Weight</b>	579g
