

SMARTGUARD KEY PAD

Stand alone key pad for access control.

- * Up to 1000 unique 1 to 10 digit codes for greater security and versatility in a multi user application (up to 10 billion permutations).
- * Selectively add and delete user codes - easy administration of multi user system.
- * Memory backup facility - guarantees data security.
- * Multiple outputs for improved functionality.
- * Anti-hack feature - prevents access through vandalism.
- * Various alarm conditions including duress and panic - increases situational safety.
- * Programmable down counter allows a limited number of accesses.
- * Elegant sturdy construction - for greater durability.
- * Weatherproof - suitable for both interior and exterior use.
- * Backlit keypad with audible feedback - improved usability in dark conditions.
- * Optional anti-tamper switch - provides warning of physical tampering.
- * Optional anti-knock shield manufactured from brushed 304 stainless steel – provides greater resistance against vandalism.

TECHNICAL INFORMATION

voltage:	12 - 24 AC/DC
Current:	32mA (standby) - 18mA (maximum)
Outputs:	3 (1 Relay output, 2 open collector outputs.)
Output pulse range:	1 - 255s adjustable or latched.
Size:	132mm x 80mm x 38mm
Material:	Polycarbonate
Degree of protection:	IP55
